1.702.636.7111 (please mention Kappa Golf for group rate)

Shoot Out Rules:

The shoot out is all about birdies. Only birdies or better count...the player with the most points from birdies or better wins. Birdies are one point and eagles are three points. All players will play from the same tees and you will keep your score for par or better. Ties will be decided by who has the best score on the lowest handicap hole, starting on the number 1 handicap hole and working to hole number 9. In the event a tie still remains then the process is to compare pars. The player with the most pars will be deemed the winner. In the event a tie still exists, then the pars will be evaluated working from the number #1 handicap hole to the number #9 handicap hole. The player that makes par on the harder handicap hole will be deemed the winner. In the event a tie still exists, a playoff will take place on the par threes during the challenge round on Friday. The scores will be compared starting from the first par three and finishing on the last par three on the course. The player who wins a hole by having the best score will be deemed the winner of the shoot out.

Tournament Rules:

- United States Golf Association (USGA) rules will govern play, except for local rules and those regarding the format listed below. The format is handicapped indexed stroke play event.
- Players will be placed into flights based on their handicaps; Krimson Flight—handicaps 10.0 and below, Kream Flight—handicaps 10.1 to 20.0, Kappa Flight—handicaps above 20.0 and the Champions Flight—Brothers 60 years and older. The Champions Flight will be split into two flights below 13 and above 13 if more than eight players can be placed in either handicapped flight.
- If the ball lays in a hazard, rough, bunker or on the fringe, the ball must be played as is.
- Every putt must be attempted. NO putts are considered good. NO option for "inside the leather."
- Laser range finding devices and GPS devices can be used for all rounds.
- Prizes will be awarded for the following: CLOSEST TO THE PIN (ball must be on the green), LONGEST DRIVE (ball must be in the fairway)
- Mulligans may be purchased online or during registration prior to the start of play for \$25.00 for the tournament. Maximum of two mulligans per player per day. One mulligan may be used every 9-holes. Mulligans not used are lost. Mulligans may be used tee to green.
- All ties will be settled by matching score cards, starting with the course with the toughest slope beginning with the No. 1 handicap hole and working backward to the No. 18 handicap hole, as they are listed on the scorecard. The player with the best score on the highest rated hole will win the tie. In the event a tie still exists for a flight winner or low net score winner the tie breaker will be the indexed score on the challenge round. If a tie still exists then the tie breaker will be to determine which player had the best score on the number #1 handicapped hole working backward to the number #18 handicapped hole factoring in the handicap or strokes given based on the handicap differential between the players. If a tie still exists it will be a tie.
